

Unlock the Power of Extended DISC

Extended DISC is a powerful, science-backed profiling tool that helps individuals and teams improve communication, reduce conflict and boost workplace performance. It gives deep insights into human behaviour – helping you understand why people do what they do.

Key Benefits of Extended DISC:

1300 720 004

Boost Self-Awareness

Employees can adapt more effectively in different situations and build confidence in their role.

Strengthen Teamwork

Teams learn how to collaborate more effectively, reduce friction and create a positive workplace culture.

Enhance Leadership & Communication

Leaders gain insights into how to motivate, engage and communicate with different styles. Learn how to manage people effectively, handle conflict and bring out the best in each team member.

Improve Customer & Client Relationships

Employees can adapt their approach to meet customer and client needs, improving satisfaction and strengthening relationships.

How HR Advice Online can help
